3 countries

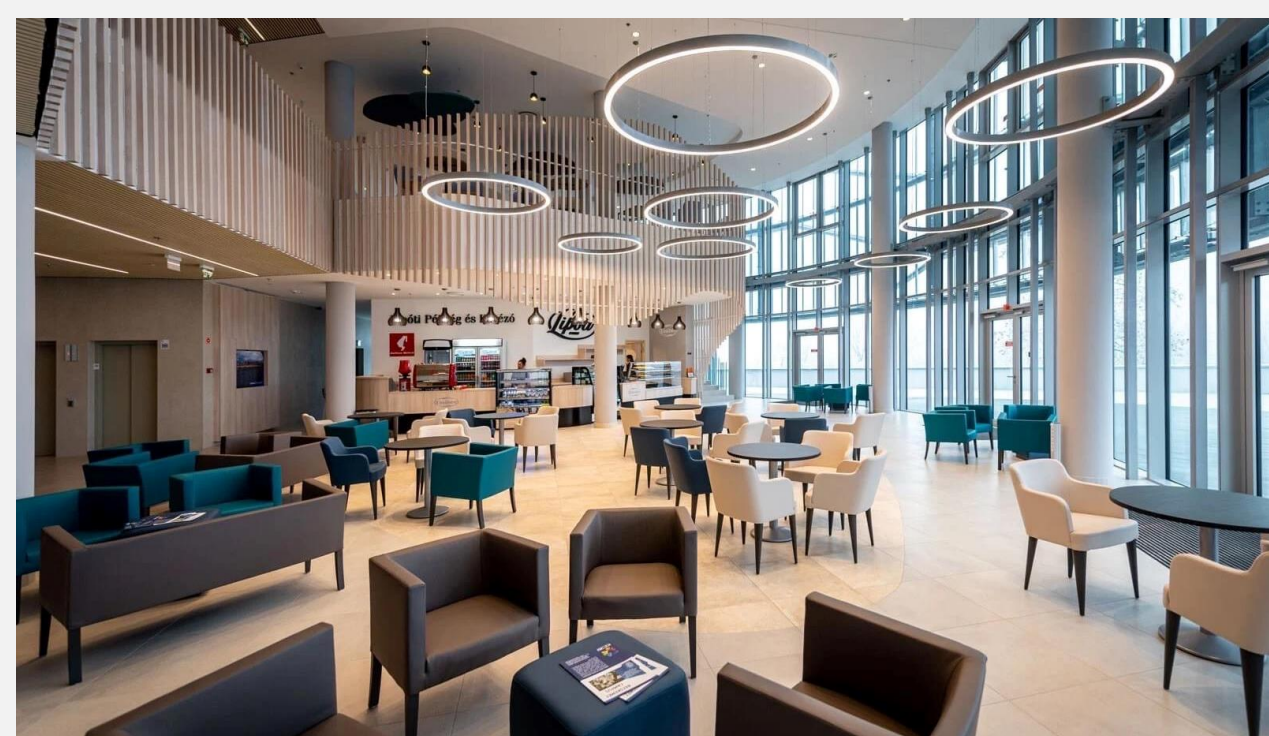

2 languages

1 goal: (Re)considering sustainability

John Von
Neumann
University

To whom do we recommend? To YOU!

- 🌐 International teamwork – networking skills;
- 🌐 Up to date relevant knowledge;
- 🌐 Practical training based on project work built onto pertinent theory;
- 🌐 Critical thinking towards major areas globally affecting contemporary societies.

Are you studying economics, business or social sciences?

Are you open to wide-scale thinking?

Do you try to consider the world around you holistically and analytically? Are you interested in major issues around our contemporary age that affect the globe and the lives of the people?

Do you care about the future and what it will be like? Do you consider the preservation and protection of the environment seriously?

Then this course is made for you.
